Fellowship Programme on Citizen Science and Education

Patience, persistence and perspiration make an unbeatable combination for success was proved true as two teachers , Ms. Savita (PGT Chemistry) and Ms. Manisha Kumar(TGT Science) of Jain Bharati Mrigavati Vidyalaya were selected for the prestigious fellowship of Rs One lakh awarded by Earth watch Institute India as part of the Fellowship Programme on Citizen Science and Education. The programme aims to promote innovative ideas for students /public participation in science and environmental education activities that encourage curiosity and a greater understanding of science and environment. Ms. Savita , Ms. Sonu Jain , Ms. Himanshu Manchanda ,Ms. Moumita Chatterjee, Ms. Sangeeta Nain and Ms. Manisha Kumar along with enthusiastic and diligent educators across India applied for the fellowship. 140 teachers were shortlisted for the online interaction and it gives us immense pride to note that all six teachers of Vidyalaya , who applied for the same were selected for this round. Finally , after an in-depth online interaction 10 candidates were selected for the fellowship including Ms. Savita and Ms. Manisha from our Vidyalaya. Their topics were ' Citizen Science and it's role in Sustainable Development' and 'Citizen Science and Water Quality 'respectively.
